Matchali

MATCHALI

Matchali began with two cousins, Cara and Laura, who fell in love with matcha's health benefits and culture. A superpowered green tea powder, jam-packed with healthy goodness and clean energy, delivering caffeine minus the crash! Matchali embraces tradition by using hand-picked, first-harvest ceremonial grade matcha. Sourced directly from a fifth-generation tea farm found along the duo's journey through the matcha capital of the world, Uji, Kyoto, Matchali drinks are made to order and hand whisked, like it has been for centuries. While matcha is impressive on its own, Matchali kicks it up a notch with superfoods, plant-based milk options, preservative-free and non-processed ingredients, all while avoiding refined sugars. Every drink is centred around fortifying nutrients with a side of chill energy, completely jitter-free. It tastes as good as it feels with its antioxidant-fuelled, mega-detoxifying green tea powers.
